

# Robot Can Multiply

Players take turns coloring numbers to create a multiplication equation, like 4, 5, and 20 for  $4 \times 5 = 20$ . Once a number is colored, it can't be reused. The winner is the last player to successfully make an equation.

Game:1

( Need : 2 players, 2 light Colour )

5	10	6	4	7	3
8	4	7	6	8	5
5	7	7	3	8	2
9	4	6	5	8	2
10	3	5	6	7	4

×

6	8	5	9	5	9
1	7	4	8	7	7
7	3	8	6	4	6
3	6	5	8	4	3
2	7	4	10	9	6

=

7	48	16	32	21	63
