

Addition Number Bonds

Fill in the Missing Number Bonds.

$\square + 20 = 20$

$17 + 3 = \square$

$6 + \square = 20$

$\square + 4 = 20$

$\square + 16 = 20$

$10 + 10 = \square$

$18 + \square = 20$

$10 + 10 = \square$

$\square + 10 = 20$

$12 + 8 = \square$

$2 + \square = 20$

$20 + \square = 20$

$19 + \square = 20$

$14 + 6 = \square$

$\square + 13 = 20$

$15 + \square = 20$

$8 + 12 = \square$

$\square + 7 = 20$

$5 + 15 = \square$

$12 + \square = 20$

$\square + 17 = 20$

$9 + \square = 20$

$11 + 9 = \square$

$1 + 19 = \square$

$20 + 0 = \square$

$10 + 10 = 20$
